

Workday Basics

A Learn with Workday Course

Workday Basics is a five hour, entry-level training course that introduces you to the Workday product, while priming you for a career with Workday technology.

Do you want to kickstart your career with Workday technology?

You'll learn about the core functionalities of Workday and the foundational frameworks that allow Workday to support some of the largest organizations in the world and their unique goals.

By the end of this course, you'll learn how:

To navigate Workday and confidently use Workday terminology.

To harness the power of business processes and configurable security frameworks.

Built-in reporting allows for one source of truth.

To meet changing business requirements through real-life scenarios.

Whether you're a seasoned professional or just starting out, **Workday Basics** will help you develop the confidence, skills, and knowledge you need to accelerate your career with Workday technology.

Start your journey today for ~~US\$99~~.
